

**BEACHFLEISCHMAN**

As a small business owner, you may have already experienced the limitations that come from a lean internal accounting operation, an incomplete view of financial performance, vulnerability to fraud or errors, or scrambling to fill accounting duties when the bookkeeper leaves or falls ill.

BeachFleischman PC's Strategic Operations & Advisory Resources (SOAR) team provides comprehensive support and consultation in all operational areas of business, including the back-office accounting that is so crucial to business operations.

DO YOU NEED ACCOUNTING SERVICES?

- You have recently lost your bookkeeper
- Having difficulty finding and keeping qualified accounting staff
- Lack the space or the budget for a dedicated accounting department
- Concerned about the accuracy of your financial reporting or potential for fraud
- Your business is expanding into other states

STRATEGIC SOLUTIONS

- Improve your capacity to quickly handle all of your accounts payable, accounts receivable, property and sales tax compliance, and financial reporting
- Provide you with anytime, anywhere access to vendor files and bill pay history
- Give you access to a higher level of financial expertise than you can afford to hire in-house
- Improve internal control and minimize exposure to fraud
- Clean, accurate books that streamline tax compliance
- Better business decisions as a result of timely, accurate financial information
- Determine if you have multi-state sales and use tax liabilities

SERVICES:

- Monthly financial statement reporting and analysis
- Payroll administration
- Online accounts payable
- General ledger maintenance
- Fixed asset maintenance
- Multi-state sales and use tax compliance
- Budgeting and forecasting
- Cash flow analysis
- Multi-state business registrations
