

The IRS makes it easy to access your tax records online, quickly and securely, including your records of any Economic Impact Payment #3 “EIP #3” payment received in 2021.

In March 2021, as part of the American Rescue Plan Act, the IRS authorized direct payments, referred to as “EIP #3” to qualified taxpayers and their dependents of up to \$1400 each.

For those who did not qualify to receive the “EIP #3” payment, or who received less than the \$1400/person maximum payment, the IRS may allow the difference to be claimed as a “Recovery Rebate Credit” on their 2021 tax return.

In order to correctly calculate the 2021 credit, taxpayers are required to report the amount of “EIP 3” that was received, even if it was zero, on their 2021 personal return.

Please complete the following steps to access your 2021 EIP #3 payment amount:

1. Go to <https://www.irs.gov/payments/view-your-tax-account>

2. Select “Log in to your Online Account”
(see BeachFleischman’s separate instructions to set up your IRS account)

3. From the menu bar near the top of the screen, select “Tax Records”

4. Scroll down to “2021 Economic Impact Payment Information”

5. View your “Economic Impact Payment 3” Amount for inclusion with your 2021 tax records provided to BeachFleischman

Type	Amount
Economic Impact Payment 3	\$0.00*

*Your payment has not yet been processed or you're not eligible for a payment.

*Please note that as of September 2021, the IRS was still behind on processing millions of 2020 tax returns. Upon processing these returns, taxpayers may qualify for an EIP 3 payment to be sent to them. As such, we recommend closely monitoring your bank account and/or mail for any EIP received from now until you send us your 2021 tax documents.
